*Melissa Raciti-Knapp* (NY Partner with Freshfields, Bruckhaus Deringer)  
International perspective

*Jose Virgilio Enei* (Sao Paulo Partner with Machado, Meyer, Sendacz e Opice)  
Brazilian perspective

*David Enríquez* (Mexico City Partner with Goodrich, Riquelme y Asociados)  
Mexican perspective

Both the Brazilian and the Mexican upstream industries are -and will continue to be- among the most active oil & gas markets worldwide. The magnitude of the challenges and the governments' responses in the two countries are effectively re-shaping their respective sectors. The aim of the Rio and London seminars is to analyze the legal dimensions of such a challenge.
